BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
1	Goodwill Industries of Greater New York and Northern New Jersey, Inc.	$ 33,795	This project will utilize technology via tablets to facilitate independence for those on the autism spectrum by increasing their ability to address communication, independence and vocational concerns.
2	Springbrook	$ 42,638	This project will assist individuals and their families in the planning and execution of a realistic, individualized living plan to create opportunities for individuals to be a part of their communities in the least restrictive living environment possible.
3	ARC Livingston-Wyoming	$ 43,650	This project consists of purchasing vehicles to provide transportation services for current Supported Employment (SEMP) participants in order to continue to provide integrated employment and to allow the individuals employed at two specific businesses in Genesee and Livingston counties maintain their current positions.
4	Springbrook	$ 45,139	This project will educate business community partners and non-profit entities on creating real world work experiences for individuals with developmental disabilities (DD) to enhance skills and expand competitive, integrated employment opportunities.
5	Pesach Tikvah	$ 46,714	This project will improve the quality of life of service participants and help them remain in community settings through use of Personal Outcome Measures (POMs) to promote person-centered culture and help them achieve their goals.
6	The Jefferson Rehabilitation Center	$ 51,427	This project will transition individuals with DD from Sheltered Workshop and Day Habilitation (Day Hab) programs to community-based employment through vocational assessments and person-centered planning.
7	The Rehabilitation Center	$ 59,345	This project will focus on developing an integrated, community-based service infrastructure throughout a large, rural county to expand service delivery and job site development for intellectually and developmentally disabled (I/DD) individuals wherever possible in the community in which they reside.
8	Abilities First	$ 60,497	This project will transition Sheltered Workshop participants into competitive employment by providing vocational assessments and developing individualized plans for success.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
9	ARC of Monroe County	$ 63,096	This project will provide intellectually/mentally disabled residents a Touch Stream tablet to increase their independence and enhance their health care outcomes.
10	Steuben County Chapter, NYSARC, Inc.	$ 64,787	This project will develop an agency management platform that will consolidate duplicative administrative functions and connect data from multiple sources which will result in improvements in service delivery and documentation.
11	Aspire of Western New York & Niagara Cerebral Palsy (Joint Application)	$ 68,000	This project will consolidate the administration functions of two agencies to produce cost savings in preparation for the transition to managed care.
12	JM Murray	$ 68,808	This project will provide opportunities for community-based services with ongoing support for recipients of facility-based vocational services through an expedited discovery and vocational assessment process.
13	Wildwood Programs	$ 72,854	This project will increase competitive employment opportunities for I/DD individuals by focusing on achieving personal outcome goals, increasing community engagement and decreasing reliance on Medicaid-funded site-based day supports.
14	People Inc.	$ 73,712	This project will transition I/DD individuals from Sheltered Workshops and Day Hab into community-based employment settings with supports commensurate with individual needs.
15	Genesee County Chapter NYSARC, Inc. (Genesee ARC)	$ 74,328	This project will provide I/DD individuals the opportunity to learn, explore and develop skills for competitive, integrated employment opportunities through vocational assessment, person-centered transition plans and peer mentoring networks.
16	AHRC-Suffolk (aka NYSARC, Inc., Suffolk Chapter)	$ 77,441	This project will create a network of certified trainers and interviewers in the use of POMs to increase quality of life and quality of services for I/DD individuals, while also creating usable, measurable data in keeping with the Transformation agreement.
17	The Parent Network of Western New York (WNY)	$ 79,064	This project will support the development of a series of educational workshops, available either in-person or online, to prepare I/DD individuals and their families to self-direct their own services and work with a circle of support.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
18	The Parent Network of Western New York (WNY)	$ 79,064	This project will develop a curriculum for a series of workshops that will assist I/DD individuals and their families to develop and implement personalized integrated community living opportunities.
19	AHRC Nassau	$ 83,134	This project will create a rehabilitation model with location mobility to meet the needs of aging individuals in all aspects of their home life, allowing them to recuperate from an illness/injury or receive physical therapy in their homes, thus decreasing the need for sub-acute rehabilitation admissions.
20	People Inc.	$ 83,754	This project will increase competitive employment opportunities for I/DD individuals while also supporting the deinstitutionalization of current Day Hab participants.
21	Birch Family Services	$ 83,816	This project will provide disabled individuals with vocational assessments, training and competitive job placements by hiring a full-time job developer to increase employment partnerships and provide on-site support.
22	The Parent Network of Western New York (WNY)	$ 87,383	This project will develop a series of educational workshops to help I/DD individuals launch a microenterprise with a curricula based on identified areas of need.
23	Goodwill Industries of Greater New York and Northern New Jersey, Inc.	$ 91,832	This project will develop a direct support professional (DSP) workforce to help individuals with DD transition from Day Services into competitive employment while reaching personal outcome goals and fostering independence.
24	The Parent Network of Western New York (WNY)	$ 93,626	This project will develop a series of competency-based educational workshops to prepare Medicaid Service Coordinators (MSCs) for their transition to care coordinators.
25	Genesee County Chapter NYSARC, Inc. (Genesee ARC)	$ 97,460	This project will open a bottle redemption center that compliments an existing waste and recycling business to provide 80 hours of above minimum wage employment for Home and Community-Based Services (HCBS) waiver eligible employees.
26	HeartShare Human Services of New York	$ 107,838	This project will support the expansion/growth of Self-Direction redesign efforts and increase the number of individuals choosing to self-direct their services by piloting a tool that will identify more meaningful valued outcomes for I/DD individuals.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
27	St. Lawrence NYSARC	$ 115,725	This project will assist young Day Hab participants and Work Center employees in transitional planning in order to address employment desires and establish new vocational goals.
28	HeartShare Human Services of New York	$ 116,159	This project will provide a professional cleaning training program with on-the-job and classroom-based supervisory instruction for I/DD individuals transitioning from Day Hab to integrated, competitive employment.
29	Westchester Disabled On the Move, Inc.	$ 117,987	This project will increase independent housing options, enhance participants ability to determine and self-direct services in an integrated setting, and increase competitive employment for I/DD individuals.
30	Life's WORC	$ 121,801	This project will increase competitive employment opportunities for individuals with DD and create two positions designed to bridge the gap between Day Hab services and customized employment.
31	Humanitarian Organization for Multicultural Experiences (HOME, Inc.)	$ 126,632	This project will improve the quality of care and support of I/DD individuals residing in nursing homes by providing habilitative services and enhancing skills of nursing home staff, and will facilitate placement into more suitable living arrangements.
32	HeartShare Human Services of New York	$ 129,558	This project will offer a different potential outcome for I/DD individuals who receive long-term, center-based Medicaid funded services by providing them with a customized employment discovery process.
33	Community Based Services, Inc.	$ 131,130	This project will develop an inclusive model to promote competitive, integrated employment for I/DD individuals in the agriculture and horticulture industry.
34	Epilepsy Pralid, Inc.	$ 135,526	This project will facilitate transitions from an institution to a community-based setting, and increase day services and employment options for those I/DD individuals.
35	Steuben County Chapter, NYSARC, Inc.	$ 139,330	This project will create a new business growth plan to provide permanent jobs, competitive wages and career opportunities for people with DD in an integrated, competitive setting.
36	Rockland Independent Living Center	$ 148,443	This project will support the transition of I/DD individuals from traditional Day Hab and Sheltered Workshop programs to competitive and self-employment settings through training and mentoring opportunities.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
37	Allegany ARC	$ 148,462	This project will modernize an integrated, competitive workplace with state-of-the-art inventory management tools to foster increased employee productivity and implement strategies such as job carving (analysis of the work duties associated with a given job and identifying specific tasks which may be assigned to an employee with disabilities) and use of adaptive equipment.
38	Jewish Union Foundation	$ 149,052	This project will increase competitive employment for 36 individuals with DD in the retail sector with job rotation opportunities after three months of employment.
39	Suburban Adult Services, Inc. (SASI) & Claddagh Commission, Inc. (Joint Application)	$ 150,165	This project will focus on transitioning traditional SEMP programs to support the "Employment First" initiative by providing competitive employment opportunities at a variety of local businesses in place of traditional Day Hab programs or Workshop settings.
40	ARC of Schuyler County	$ 151,000	This project will integrate and implement policies and procedures, initiate Council on Quality and Leadership (CQL) accreditation and implement an electronic health record (EHR) system in order to complete the process of merging Schuyler and Yates NYSARC Chapters into a single organization which will be better equipped to serve the I/DD population in a managed care environment.
41	ARC of Otsego County	$ 153,194	This project will support the expansion/growth of self-direction redesign efforts and increase the number of individuals choosing to self-direct their services through education and outreach activities, an interactive resource guide, recruitment, trainings and marketing.
42	Queens Centers for Progress	$ 154,822	This project will implement a new service model directed at increasing integrated community employment opportunities for individuals with DD currently enrolled in long-term supports and services (LTSS) or graduating from local high schools.
43	ARISE, Inc.	$ 155,429	This project will implement the use of mobile technology and electronic consumer records to improve access to and utilization of community-based services, address the needs of underserved I/DD individuals, increase opportunities for self-direction and support transition into competitive employment.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
44	In Flight, Inc.	$ 160,111	This project will pilot the In Flight Success Academy for Independent Living (I-SAIL) to teach and encourage self-management and social skills needed for community and employment integration.
45	CDS Monarch	$ 183,000	This project will design and implement a transitional model system of short-term and long-term support to identify and overcome barriers to initial startup and sustained community living.
46	Montgomery County ARC, Liberty	$ 184,845	This project will focus on transition planning for competitive employment and supports for individuals with DD through assistive technology and an integrated certificate course instruction on technology use.
47	Contemporary Guidance Services, Inc. (CGS)	$ 190,704	This project will provide the tools and skills necessary for Day Hab and SEMP participants to transition into competitive employment while establishing supportive peer mentoring networks.
48	Liberty Resources	$ 195,193	This project will create transition services that will expand the choices and options offered to allow individuals to achieve long-term independence, including development of comprehensive services in the areas of housing, employment and self-directed services.
49	Ulster Greene ARC	$ 195,398	This project will create three business ventures to employ Sheltered Workshop and SEMP participants and teach the skills necessary for entry level positions.
50	Upstate Cerebral Palsy	$ 203,094	This project will create a pilot smart home with modifications to encourage individuals to remain in their own homes and build community-based housing options.
51	Pathways, Inc.	$ 203,370	This project will complete the agency's transition to an EHR system necessary to enhance care coordination for the individuals they serve.
52	Wayne ARC	$ 203,570	This project will address barriers to LTSS and provide vocational job assessments and skill training to prepare I/DD individuals for higher paying job opportunities.
53	CP Rochester/United Cerebral Palsy of the Rochester Area, Inc. - Epilepsy Pralid, Inc. - Al Sigil Community of Agencies (Joint Application)	$ 209,785	This project will create a collaborative community model for the development of affordable, non-certified, integrated housing that will result in deinstitutionalization and transitional housing.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
54	Citizen Advocates, Inc.	$ 210,000	This project will increase employment opportunities for individuals with DD by transforming Sheltered Workshops into integrated, competitive and self-employment settings using person-first transition plans.
55	SKIP of NY	$ 210,196	This project will streamline individuals into the least restrictive environment while creating a rich, in-depth, personal dataset that informs the transition process through discharge and beyond.
56	Catholic Charities Community Services	$ 211,036	This project will make competitive, integrated employment more accessible to providers, I/DD individuals and their families by presenting a series of educational sessions on benefits and entitlements and will increase the number of certified benefits practitioners in the OPWDD workforce.
57	The Community Place of Greater Rochester, Inc.	$ 226,550	This project will focus on developing and implementing the CHOICES program to effectuate a neighborhood-based employment and vocational initiative for individuals with DD through technology, training and business partnerships.
58	ACLD (Adults and Children with Learning and Developmental Disabilities), Inc.	$ 234,893	This project will implement a virtual medical support system that will decrease unnecessary visits to the emergency room or urgent care centers, thereby enabling program participants to live more independently.
59	AIM Independent Living Center	$ 236,433	This project will support the expansion/growth of Self-Direction redesign efforts and increase the number of individuals who choose to self-direct their services by establishing Fiscal Intermediary (FI) services in underserved areas and through outreach, education and Support Brokerage services.
60	Skills Unlimited, Inc.	$ 236,527	This project will provide a skill development program serving Day Hab and SEMP participants while establishing a supportive peer mentoring network during transition into competitive employment.
61	General Human Outreach in the Community, Inc.	$ 244,282	This project will launch a person-centered, integrated employment program for I/DD individuals to obtain competitive or self-employment including paid internships leading to permanent positions.
62	Lexington-Fulton County Chapter of NYSARC, Inc.	$ 245,838	This project will assist teens and young adults with I/DD in obtaining employment through participation in summer and year-round college and career programs with access to an online peer and mentor support network.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
63	Heritage Centers	$ 246,086	This project will provide person-centered, integrated employment services for Workshop and Day Hab participants through an enhanced support services model offering vocational assessments, counseling and partner collaboration.
64	AHRC Nassau	$ 250,000	This project will create a comprehensive web-based network that will collect service and health related data and provide for measureable quality improvement.
65	Mary Cariola Children's Center	$ 251,274	This project will increase the number of service choices for youth with behavioral challenges and improve their families' access to quality community services to meet the specific needs of their children.
66	Holy Childhood	$ 256,879	This project will transition I/DD individuals from Sheltered Workshops to integrated, competitive employment by establishing partnerships with key stakeholder agencies and service providers that include support structures necessary for sustained employment.
67	Community Services for the Developmentally Disabled	$ 260,245	This project will create a structured, person-centered process for I/DD individuals with co-occurring behavioral and medical complications to safely transition from homelessness and highly supervised residences into home and community-based apartments.
68	AHRC Nassau	$ 262,083	This project will provide integrated employment opportunities for I/DD individuals through person-centered, self-directed trainee programs at a non-institutional, supported year-round camp.
69	St. Mary's Healthcare System for Children	$ 262,299	This project will develop a medical supervised Individualized Residential Alternative (IRA) model to support the most medically complex young adults with I/DD who are aging out of pediatric care models in the hopes of creating a foundation for providers throughout New York State to emulate by demonstrating its efficacy and providing guidance on implementation.
70	Cerebral Palsy of Westchester	$ 262,984	This project will develop a more person-centered and self-directed organizational culture through the use of POMs.
71	HeartShare Human Services of New York	$ 270,913	This project will implement electronic care coordination software for better flow of information, more cohesive services and more direct time with staff in order to better serve I/DD individuals and their families.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
72	Community Services for the Developmentally Disabled	$ 279,463	This project will create and pilot a person-centered discovery, vocational assessment, and career planning center for individuals with DD transitioning from traditional Day Hab programs to competitive employment.
73	General Human Outreach in the Community, Inc.	$ 281,600	This project will enable the agency to license and install a customized EHR system to ensure that clinical and social information are integrated and available across all points of care for all individuals served by the agency and its collaborating providers.
74	People Inc. Finger Lakes	$ 286,092	This project will create a culture of transition in group homes to assist individuals in reaching their personal outcome goals by increasing opportunities for transitioning out of institutional settings and by allowing greater access to supportive housing options in order to remain in the community.
75	Lifespan of Greater Rochester, Inc.	$ 297,420	This project will support individuals with DD to transition from Sheltered Workshops into community environments through education, support and connection to socially inclusive options.
76	Allegany ARC	$ 297,592	This project will develop and demonstrate a viable model of shared living in a rural setting to facilitate individuals' ability to live in a community of their choice and with people of their choosing.
77	Community Mainstreaming Associates, Inc. (CMA)	$ 298,375	This project will provide vocational assessments and competitive job placements to HCBS Waiver-supported Workshop and Day Hab participants while partnering with public school districts to educate residents on disabled adult services.
78	Allegany ARC	$ 298,910	This project will create an advisory council to develop a new Family Care model to ensure successful residential opportunities.
79	People Inc. Finger Lakes	$ 303,876	This project will address the need to redesign the Family Care program to enlist additional providers for this low-cost residential service and offer a model that better supports community integration activities in all aspects of life.
80	Abilities, Inc. at The Viscardi Center	$ 307,505	This project will provide I/DD individuals the experience and skills necessary for improved quality of life, community integration and access to community services

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
81	Cardinal McCloskey Community Services (CMCS)	$ 311,835	This project will transform SEMP and Day Hab services by moving individuals into competitive employment through additional training supports and use of evidence-based models while increasing community integration, employment outcomes and stabilizing residential alternatives.
82	Special Citizens Futures Unlimited (SCFU)	$ 321,550	This project will develop a web-based platform that will store all available housing and employment opportunities for I/DD individuals throughout New York State.
83	Aspire of Western New York	$ 348,477	This project will implement a person-centered vocational profile, develop a curriculum to transition I/DD individuals under 55 into competitive employment and train 60 staff members in POMs.
84	Family Residences and Essential Enterprises, Inc. (FREE)	$ 362,108	This project will expand on the provider's current mobile crisis services model to enhance the scope of emergency behavior and psychiatric services available and to widen the population of individuals served.
85	Challenge Workforce Solutions	$ 364,186	This project will develop person-centered plans to transition Day Hab and Workshop participants into competitive and self-employment while establishing supportive peer mentoring networks.
86	Edwin Gould Services For Children and Families	$ 384,379	This project will provide support to individuals with challenging behaviors who are transitioning to the community or who live at home and require more intensive supports to avoid returning to an institutional setting.
87	Schenectady ARC	$ 391,820	This project will implement a person-centered planning process to produce a variety of benefits for individuals, families and the community.
88	Brooklyn Community Services	$ 398,661	This project will enhance a community integration approach to service delivery through individualized transition plans, start-up consulting services and lifelong enrichment programs for an active and healthy retirement.
89	NYSACRA (New York State Association of Community & Residential Agencies)	$ 409,627	This project will develop a statewide housing task force to examine housing issues and propose solutions for increasing options for community living.
90	Ulster Greene ARC	$ 416,970	This project will deliver integrated transportation services to provide efficient commuter transport for working individuals with I/DD with the goal of enhancing employment outcomes.
91	Services for the Underserved, Inc. (SUS)	$ 441,588	This project will create a training program within the SUS Urban Farms initiative to support the transition of individuals from traditional Day Hab and Sheltered Workshop programs into competitive employment.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
92	Hillside Children's Center	$ 448,629	This project will connect individuals with the support of family members to increase independence, overall transparency and feedback through family involvement and reduce the number of individuals with I/DD on the New York State residential care waiting list.
93	Saratoga Bridges	$ 449,626	This project will provide training to enhance the individualized service delivery system as well as develop and implement an EHR system that will allow agencies and individuals to communicate changing needs and support plans in an immediate or more timely fashion.
94	Occupations, Inc.	$ 465,953	This project seeks to increase Self-Direction through the use of POMs and training of staff in person-centered planning.
95	WNY Independent Living, Inc.	$ 466,150	This project will expand and increase offerings of accessible housing and resources as well as provide ongoing goal development and educational seminars with an aim toward reducing homelessness for individuals with developmental disabilities.
96	ARC of Westchester County	$ 470,692	This project will transition individuals participating in Day Hab and Prevocational Services (Prevoc) into integrated, competitive employment in the Information Technology (IT) industry through creation of adaptive software.
97	Springbrook	$ 487,416	This project will develop a rural support system to address IT barriers and the growth of self-directed services through design of a new technology infrastructure which will allow for accurate service documentation and online training.
98	ARC of Rockland County	$ 579,926	This project will facilitate transition from Sheltered Workshops to community-based employment by providing vocational and life-skills assessments and personalized transition plans outlining supports and education.
99	Happiness House - Finger Lakes United Cerebral Palsy, Inc. - CP Rochester/United Cerebral Palsy of the Rochester Area, Inc. (Joint Application)	$ 592,900	This project will provide assistance to identify and implement a comprehensive electronic health information (EHI) system to be shared by collaborating agencies to facilitate accurate and timely recordkeeping, eliminate duplicative billing activities and provide enhanced services for patients.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
100	United Cerebral Palsy (UCP) of New York City	$ 599,500	This project will implement a training collaborative for direct support supervisors and emerging leaders in an effort to improve and provide services that truly foster self-direction, promote personalized supports and enhance quality of life outcomes for the individuals they serve.
101	New York Association of Emerging and Multicultural Providers Association (NYAEMP)	$ 614,908	This project will place individuals with DD in integrated, competitive employment settings using person-centered planning and building a service provision infrastructure within six culturally diverse service provider agencies.
102	Hudson Valley Cerebral Palsy Association	$ 616,285	This project will depart from the service delivery model by working with businesses to design a curriculum-based vocational program with person-centered transition plans and assessments for Day Hab and Workshop participants.
103	Cerebral Palsy Associations of New York State	$ 619,724	This project will develop a learning module as part of an online learning platform in order to train transition support staff about the needs and expectations related to transitions from school to adult supports, family home to shared living supports, and to retirement/senior living supports.
104	Cantalician Center for Learning, Inc.	$ 670,673	This project, facilitated through the provider's newly formed Diversified Labor Solutions division, will provide vocational assessments and transformation planning for individuals with DD by using a community-integrated competitive business model to increase employment opportunities.
105	Ability Beyond	$ 673,388	This project will create a web-based resource with in-person supports to help workshop providers successfully transition I/DD individuals into competitive, community-based employment models.
106	New Horizon Counseling Center	$ 690,633	This project will prepare high school students with DD for community integration and competitive employment by helping to identify career goals and offer training in obtaining pre-employment skills.
107	Cerebral Palsy of Ulster County	$ 708,414	This project will build a web seminar model offering an array of community-based services for I/DD individuals allowing them to be fully integrated and giving them greater control over their services.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
108	Lifetime Assistance, Inc.	$ 710,204	This project will pilot a person-centered housing transitions project that identifies, assesses and plans moves to integrated community-based housing options with necessary LTSS.
109	United Cerebral Palsy (UCP) of New York City	$ 724,397	This project will utilize a combination of telehealth devices and monitoring services to improve independence and health outcomes, increase the number of I/DD individuals who choose to self-direct their services and supports, reduce the numbers of individuals in institutionalized services and prepare the agency for the shift toward managed care and care coordination.
110	Schenectady ARC	$ 727,546	This project will implement an agency management platform and fully convert to a paperless electronic data system in order to improve quality of services and the ability to communicate individuals' changing needs in a more timely manner.
111	Cerebral Palsy Associations of New York State	$ 727,700	This project will provide innovative solutions to prepare staff and individuals to facilitate the individuals' transition to the most integrated living arrangements and work environments through training and the implementation of several business enterprises to provide integrated employment opportunities.
112	United Cerebral Palsy (UCP) of Suffolk	$ 786,105	This project will transition I/DD individuals from facility-based employment and Day Hab into competitive employment by increasing the "Employment Connection" program's capacity and developing "Community Coach" standards, training and staff credentialing.
113	Catholic Guardian Services	$ 823,004	This project will create an electronic case and health record system that will assist in advancing the agency’s plan to shift its programming focus to preventative care through more individualized and integrated community-based support services and interventions.
114	Ohel Children's Home and Family Services	$ 824,610	This project will provide parents with the necessary tools to create a safe and therapeutic environment in the home which will allow their child, teen or adult with Autism Spectrum Disorder (ASD) to integrate successfully into the family unit.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
115	HASC Center	$ 832,489	This project will start an e-cycling business with the goal of providing competitive, integrated employment to both individuals with I/DD and individuals without a disability.
116	ACLD (Adults and Children with Learning and Developmental Disabilities), Inc.	$ 834,648	This project will create a new business opportunity in the used clothing recycling industry to provide employment, education and training to I/DD individuals.
117	New York State Rehabilitation Association, Inc. (NYSRA)	$ 855,830	This project will provide information and resources as well as initiate cultural and operational transition to assist community rehabilitation organizations in transforming and building new business models to provide competitive, integrated employment opportunities for individuals with I/DD and to meet the expectations of Medicaid managed care.
118	People Inc.	$ 913,058	This project will design, implement and test an individual- and provider-informed tool which will optimize the operational systems required to efficiently and effectively deliver FI services to individuals who choose to self-direct their services and supports.
119	Upstate Cerebral Palsy	$ 918,387	This project will transition I/DD individuals into a variety of integrated, community-based employment settings with positions available in the agricultural, retail and delivery sector.
120	Little Flower Children and Family Services of New York	$ 1,003,988	This project will modify the approach to the needs of I/DD individuals of all ages by developing an effective support system to enable relatives to become care providers.
121	Center for Disability Services	$ 1,007,979	This project will enhance transportation services for I/DD individuals in partnership with the Capital District Transportation Authority (CDTA) to supplement CDTA's existing para-transit system.
122	Neighborhood Network of New York (NNNY)	$ 1,008,223	This project will implement a new community living model, provide remote support with HomeLink Support Technology and replace traditional day services with skills training, all of which will provide for highly stable, inclusive, and person-centered community living supports for individuals with ASD.
123	YAI	$ 1,133,247	This project will implement Project TIME (Transform, Innovate, Measure, and Empower) which will provide housing, employment, and self-direction services that are more person-centered and community-based.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
124	Jewish Board of Family and Children's Services (JBFCS)	$ 1,165,817	This project will transition people to community-based support services and develop a standardized evaluation tool to chart progress.
125	Person Centered Services of WNY	$ 1,299,991	This project will provide technical/training assistance activities to agencies to help build the program and human resources capacities necessary to launch a regional care coordination service line in preparation for the transition to managed care.
126	The Institutes of Applied Human Dynamics, Inc. (IAHD)	$ 1,425,777	This project will depart from an adult day services model and adopt a customized employment program model to transition I/DD individuals to integrated, competitive employment settings.
127	Independent Support Services, Inc.	$ 1,492,727	This project will expand and upgrade the provider's ability and capacity to serve their current FI caseload as well as the already contracted FI start-ups while also meeting the needs created by expanding interest in Self-Direction through further development of a technology package, increasing program staff and office space capacity and further development of a best-practice model of FI services.
128	Cerebral Palsy Associations of New York State	$ 1,752,621	This project will develop a learning module that will become part of an online learning platform designed to train staff supporting individuals transitioning from institutional to community-based settings.
129	Cerebral Palsy Associations of New York State	$ 1,890,202	This project will collaborate with three health care providers to provide an integrated network of well-coordinated supports and services for approximately 13,000 individuals.
130	New York Integrated Network (NYIN)	$ 2,371,610	This project will provide services focused on values, quality care and effective family outreach by promoting Self-Direction as a quality and affordable choice, training Support Brokers, developing a electronic data system for FI services and educating individuals with I/DD and their families on access to goods and the availability of self-directed supports and services.
131	Maranatha Human Services, Inc.	$ 2,553,319	This project will implement a service delivery model that matches caregivers with I/DD individuals in need and places these individuals in loving, nurturing environments.

BIP TRANSFORMATION FUND AWARDEES

#	ORGANIZATION	TENTATIVE AWARD	PROJECT OVERVIEW (Brief Summary of Proposal)
132	Advance Care Alliance of NY, Inc.	$ 2,931,707	This project will develop a specialized care management system to facilitate the use of person-centered supports and services to achieve quality outcomes and meet individual needs, preferences and priorities for I/DD individuals.
133	The Center for Discovery, Inc.	$ 2,999,050	This project will develop and implement a continuum of community-based, person-centered services to increase the availability and effectiveness of LTSS and to reduce institutional placements for children with I/DD, primarily ASD.
134	AHRC New York City (NYSARC, Inc.)	$ 5,172,514	This project will provide resources for the development of a LTSS EHR with mobile functionality that will deliver a technological means to impact the delivery of LTSS both in the current fee-for-service system and in the transition to managed care.
TOTAL TENTATIVE AMOUNT AWARDED:		**$ 65,328,805**
