Career Connections works with employers to identify workers who meet their specific needs. We prescreen individuals to ensure good job matches. At no cost to the employer, we provide the on-site or off-site supports necessary to ensure each individual hired is thoroughly trained and meets or exceeds employer standards. We want business owners to be satisfied customers who will hire from our clientele for future openings. Career Connections provides high quality services and supports to make this happen. We are a good business decision.

Otsego County Chapter NYSARC, Inc.

Community Employment Services provides job development, placement, training and retention services to individuals with a variety of disabilities. We strive to meet an employer's needs and expectations by providing workers whose skills and abilities match the job requirements at no cost to the employer. We are available to provide on going support, information regarding hiring incentives and accommodations. Our mission is to form a mutually beneficial partnership that meets the needs of both the employer and the worker.
