(a) Upon a request to the justice center for criminal history information for a prospective employee or volunteer pursuant to section eight hundred forty-five-b of the executive law, the justice center shall notify the office, and if the office has available, after a reasonably diligent search a substantiated report that the prospective employee or volunteer engaged in behavior that constituted abuse or serious neglect of a patient or consumer in a program licensed, operated, or certified by the office, the office shall cause to be furnished a summary of such report or reports to the provider that requested the criminal history information from the justice center with respect to such prospective employee or volunteer; provided, however, summary reports provided shall be limited to substantiated reports based on investigations that commenced prior to the effective date of this section. (d) Nothing in this section shall be interpreted to limit the office's ability to investigate abuse, neglect or maltreatment, whether intentional or unintentional, under current law or regulations.
