Albany, New York 12229

Re: Letter of Intent

Dear Commissioner Burke:

I represent Olympia Managed Long Term Care Plan (MLTCP), a collaboration of health care providers, which applied for a Certificate of Authority by the New York State Department of Health, to establish an MLTCP. We anticipate that Olympia will receive approval as an MLTC within the next 4 to 5 months. Olympia is uniquely qualified to operate and manage an MLTC, due to its extensive experience providing a continuum of long term care services, either through direct ownership or through affiliation. Olympia MLTCP has applied to provide MLTCP services in the following counties: Manhattan, Kings, Queens, Bronx, Richmond, Nassau, Suffolk, Westchester, Rockland, Orange, Sullivan and Ulster.

Please accept this letter as formal notification of our intent to submit an application in response to OPWDD's upcoming Request for Applications (RFA) to coordinate developmental disability services. Olympia provider partners have extensive experience providing services to persons with developmental disabilities. In particular, First Medicare, Inc., a New York State licensed Article 28 Diagnostic and Treatment Center, is a prime sponsor of Olympia and provides primary and specialty medical care to a large number of OPWDD agencies' clients. Olympia will adhere to all requirements applicable to Developmental Disabilities Individual Support and Care Coordination Organizations (DISCOs).

I can be reached at (718) 879-1427 or through email at Markb@theyork-group.com.

Thank you for your consideration.

Sincerely,

Mark D. Bienstock
Executive Director
