

## Enhancements/Fixes included in 2011 Upgrade

- New MSC10-B form requires one signature
- Added new option for reason for denial/withdrawal on MSC 1 & 3: "Individual does not meet the need for Ongoing and Comprehensive Service Coordination"
- DDSO approvers will have access to returned forms
- Increased font size of CHOICES ISP form narrative sections and font size narrative sections in ISP PDF
- "Choose all that apply" removed from read-only section of DDP-4
- DDP-2 will send Completed By and Phone number to TABS
- New ISP report: Lists Individuals whose most recent completed ISP is dated more than 6 months ago
- New Portal User report: Displays Individuals that are enrolled in programs in your agency and their associated Portal Users
- LCED Physician signature date logic change ("Date of Waiver Enrollment" before "Date Physician Signed")
- Removed "in CHOICES" from "Is this Initial LCED in CHOICES?"
- ISP PDF changes: Instructions removed and header changed to show agency's name
- MSC10B - change location of meeting to dropdown from textbox to track home meetings
- ISP PCSS waiver service frequency change from "One every 6 months" to "Month"
- Fixed ISP PDF formatting of Additional Info areas
- Added "Pending waiver approval" checkbox to ISP HCBS Waiver Services
- Made "log into CHOICES Portal" a link in email sent to Portal users by CHOICES
- User-friendly error page added to CHOICES
- Supporting document filenames are checked for two dots and automatically corrected (myfile..pdf)
- Added text to Supporting Documents upload page advising not to use special characters in filenames
- More columns have been added to inactive MSC-1s list
- Added system view for users to find DDP-1s returned to them

## Coming Soon After Upgrade

- New form: MSC Assessment of the Need for Ongoing and Comprehensive Service Coordination
