Dear OPTS Provider:

The Office of Vocational and Educational Services to Individuals with Disabilities (VESID) has changed its name to Adult Career and Continuing Education Services-Vocational Rehabilitation (ACCES-VR). Your agency is being sent this letter because you have one or more OPTS contracts where the term "VESID" is referenced in Appendix B of your OPTS contract.

Please note that this name change has no impact on the validity of any portion of Appendix B and you are still considered to be in compliance with the service documentation requirements of your OPTS contract. If you have additional questions with regard to this matter, please contact the Medicaid Standards Unit at (518) 408-2096. Thank you.

Sincerely,

Eugenia Haneman
Director
Medicaid Standards Unit
