## “‘Friends’ Program Marks 20<sup>th</sup> Anniversary”

### Newark-

“Friends for the Day” Adult Health Care at Newark – Wayne / De May recently celebrated its 20<sup>th</sup> anniversary.

Participants, family members and staff gathered for a Hawaiian themed day complete with a barbeque lunch and live entertainment. The program is held in a newly renovated building near the Outpatient Service entrance at Newark Wayne Community Hospital.

“Our program is now able to provide services for more individuals from the county who live alone or who require medical and other services,” said Christine Stalker, director of the program. “This program is helping them to stay in their homes and is helping family members or care givers with meeting all of their medical, nutritional, recreational and social needs. We had a great deal to celebrate at this anniversary party” she added.

“Friends for the Day” a DeMay Living Center program provides vital services to adults requiring: health monitoring and care; rehabilitation, socialization, recreation, personal care and other services.
