Public Officers' Law § 73 bars former State officers and employees from appearing, practicing, or rendering any services for compensation in relation to any matter before their former State agency for a period of two years from their date of termination. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

P. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

"Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor's negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor's agents, officers, employees, or subcontractors."

The "New York State Information Security Breach and Notification Act" requires entities that conduct business with New York State and own or license "private" data to notify state residents affected by any security breach that results in unauthorized acquisition of the data. numbers. (Private data is considered unencrypted when either identifying information or the data element is not encrypted or is encrypted with a key that has been acquired).

The Act authorizes the State Attorney General to sue a business violating the statute in order to recover damages for actual costs or losses, including consequential financial losses incurred by persons entitled to notification. If a business engages in knowing or reckless violations, the court can impose a civil penalty of the greater of \$5,000 or \$10 per instance of failed notification up to \$150,000. The remedies provided by this section shall be addition to any lawful remedy available, possibly permitting private actions.

As part of its responsibility determination, State Finance Law § 139-k (3) mandates consideration of whether a bidder fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any bidder that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the bidder is necessary to protect public property or public health safety, and that the bidder is the only source capable of supplying the required Article of Procurement within the necessary timeframe.

Additionally, the bidder by submission of its bid certifies that no government entity has ever terminated or withheld a procurement contract from the individual or entity seeking to enter into this procurement contract due to the intentional provision of false or incomplete information. If the individual or entity has been terminated or withheld from a procurement contract, then said individual or entity must provide a detailed statement regarding the finding.

15. Consumer Safety Information

OPWDD provides services to individuals exhibiting Pica, which is a medical disorder characterized by an appetite for largely non-nutritive substances, e.g., cigarette butts, paper, gum, etc. Attention to the sanitation and cleanliness of the areas surrounding OPWDD's state operated program sites and residential buildings is very important to the health and safety of those we serve. Please ensure care is taken to properly dispose of cigarette butts and rubbish while on OPWDD property.

OPWDD property has special receptacles for cigarette butt disposal. Contractor and subcontractor employees shall use these receptacles and throw trash in garbage cans or dumpsters. Compliance with this policy is appreciated.

16. Consultant Disclosure

Effective June 19, 2006, contractors doing business with the State of New York in a "consulting" capacity will be required to file forms disclosing, by employment category, the number of persons employed by them and their subcontractors (if any) as a consulting firm or an individual consultant; the number of hours worked; and the monetary compensation received from the State of New York for work performed by these employees. Reporting will be required via the utilization of two separate forms – "Form A" and "Form B".

In general, however, Form A is to be completed once upon initial contract award and is used to report "planned employment". Form B is required annually and reports on "actual employment figures" for the preceding state fiscal year. The New York State fiscal year commences on April 1st and concludes on March 31st.

17. Evaluation Criteria: Method of Award

There are Four (4) Clusters; each cluster will be evaluated separately. OPWDD will select the responsible and responsive Bidder(s) that will provide the lowest Total Annual Estimated Combined Cost per cluster.

The Cost Proposal Form provides estimated labor hours and parts costs. These are estimates only. Payment will be made on actual services rendered.

A) Total Annual Inspections & Start-ups are calculated by adding the sum of all annual services inspections & start-ups in the cluster.

(B) Total Annual Estimated Repair Services are calculated by multiplying labor rates by estimated hours, then totaling estimated labor costs.

(C) Total Annual Estimated Parts with Mark-up are calculated by multiplying parts mark-up percentage by estimated parts cost, then totaling parts mark-up cost and estimated parts cost.

Total Annual Estimated Combined Cost for each cluster will be calculated by adding the sum of:

- (A) Total Annual Inspections & Start-ups,**
- (B) Total Annual Estimated Repair Services, and**
- (C) Total Annual Estimated Parts with Markup.**

Record all Total Annual Estimated Combined Costs per Cluster, for which you are bidding, on page 28 of the Cost Proposal.

Repair hours are estimated as detailed on each cluster's Cost Proposal Form. Normal working hours are Monday-Friday 7:30am-4pm. Off Hours are: Monday-Friday 4:01pm-7:29am and all-day Saturday and Sunday. Holidays are listed in the Qualifications & Scope of Work.

Parts are based on an estimated dollar amount (that varies per cluster) plus mark-up percentage. **Parts Mark-up is capped at 20%. All bids exceeding this limit will be reduced to 20%.*

In the event of mathematical errors, calculations will be done using Annual Service Inspection & Start-up rates per site, Hourly Labor Rates, and Parts Mark Up percentages.

Invitation for Bid

Vendors may bid on one or multiple clusters and multiple contracts may be awarded. All sites included in a cluster are to be serviced by the bidder who is awarded the contract for that cluster. Only proposals judged to be responsive to the submission requirements set forth in this IFB will be evaluated. OPWDD reserves the right to reject any and all offers.

In the event of a tie bid, the award will be made by random selection.
