Re: Clarifications/revisions of Western NY DDSOO Snow and Ice Removal Services IFB

Immediately following the release of Western NY Snow and Ice Removal Services procurement IFB WN 081320, it was determined that an administrative flaw necessitated a cancellation of the IFB. No contracts will be awarded as a result of IFB WN 081320. A new Invitation for Bid (IFB WN 081820) was released today to procure snow and ice removal services for multiple sites in Cattaraugus, Chautauqua, Erie, Genesee, Niagara, and Orleans counties. This memo serves to detail the changes that were made to the original IFB.

OVERVIEW OF CHANGES:

- Section 3 – Timetable of Proposal Due Dates: Updated with new dates for the procurement
- Exhibit A – Site Information: amended to remove sites
- Cost Proposal Form: amended to remove sites

Note: If you wish to bid on the Western NY Snow and Ice Removal Services procurement, you must submit your bid using the Cost Proposal Form from IFB WN 081820. Please verify this number on the front page of the Invitation for Bid document to make sure you are using the correct bid packet and Cost Proposal Form.
