Public Officers' Law § 73 bars former State officers and employees from appearing, practicing, or rendering any services for compensation in relation to any matter before their former State agency for a period of two years from their date of termination. O. Health Information Portability and Accountability Act (HIPAA)

The Federal Department of Health and Human Services (HHS) established HIPAA Standards for Privacy of Individually Identifiable Health Information (The Privacy Rule). The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

P. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

"Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor's negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor's agents, officers, employees, or subcontractors."

The "New York State Information Security Breach and Notification Act" requires entities that conduct business with New York State and own or license "private" data to notify state

residents affected by any security breach that results in unauthorized acquisition of the data. (Private data is considered unencrypted when either identifying information or the data element is not encrypted or is encrypted with a key that has been acquired).

The Act authorizes the State Attorney General to sue a business violating the statute in order to recover damages for actual costs or losses, including consequential financial losses incurred by persons entitled to notification. If a business engages in knowing or reckless violations, the court can impose a civil penalty of the greater of \$5,000 or \$10 per instance of failed notification up to \$150,000. The remedies provided by this section shall be addition to any lawful remedy available, possibly permitting private actions.

15. Consumer Safety Information

OPWDD provides services to individuals exhibiting Pica, which is a medical disorder characterized by an appetite for largely non-nutritive substances, e.g., cigarette butts, paper, gum, etc. Attention to the sanitation and cleanliness of the areas surrounding OPWDD's state operated program sites

and residential buildings is very important to the health and safety of those we serve. Please ensure care is taken to properly dispose of cigarette butts and rubbish while on OPWDD property.

OPWDD property has special receptacles for cigarette butt disposal. Contractor and subcontractor employees shall use these receptacles and throw trash in garbage cans or dumpsters. Compliance with this policy is appreciated.

16. Consultant Disclosure

Effective June 19, 2006, contractors doing business with the State of New York in a “consulting” capacity will be required to file forms disclosing, by employment category, the number of persons employed by them and their subcontractors (if any) as a consulting firm or an individual consultant; the number of hours worked; and the monetary compensation received from the State of New York for work performed by these employees. Reporting will be required via the utilization of two separate forms – “Form A” and “Form B”.

In general, however, Form A is to be completed once upon initial contract award and is used to report “planned employment”. Form B is required annually and reports on “actual employment figures” for the preceding state fiscal year. The New York State fiscal year commences on April 1st and concludes on March 31st.

17. Evaluation Criteria: Method of Award

OPWDD will select the responsible and responsive Bidder that will provide the lowest Total Annual Estimated Combined HVAC Cost for the three (3) Day Hab facilities. All three (3) Day Hab facilities are to be serviced by the winning bidder. Only proposals judged to be responsive to the submission requirements set forth in this IFB will be evaluated. Alterations to the Cost Proposal Form may result in disqualification. All facilities listed on the Cost Proposal Form must be completely filled out for the bid to be considered. In the event of a tie bid, the award will be made by random selection. OPWDD reserves the right to reject any and all offers.

The award will be based on four (4) seasonal rooftop unit services (one service each in spring, summer, fall, and winter) and one (1) annual maintenance service (see Detailed Maintenance Service Requirements in Scope of Work) of all other equipment listed in Exhibit A: Cattaraugus County Day Hab Equipment List. Numbers for annual repair labor hours and annual parts cost are estimated only. There is no guarantee and payment will be based on actual services rendered.

Total Annual Estimated Combined HVAC Cost will be calculated by adding the sum of Part A (Annual HVAC Maintenance Services Cost), Part B (Estimated Annual Non-Emergency and Emergency Labor Cost), and Part C (Estimated Annual Parts with Mark-Up). In the event of mathematical errors, calculations will be done using the given three (3) Seasonal Rooftop Unit Service Costs per Service (Columns A, B, and C), Annual Maintenance Services Cost (Column D), Hourly Rates, and Parts Mark-Up percentage to determine the bidder who had provided the lowest Total Annual Estimated Combined HVAC Cost.

Repair labor hours and parts costs are estimated on the Cost Proposal Form. Payments will be made based on actual hours worked and actual parts used. Mark-up on parts is not to exceed 20%. In the event that a mark-up percentage exceeds 20% on a Cost Proposal Form, the percentage will be reduced to 20% and the Total Annual Estimated Combined HVAC Cost will be recalculated.

Normal working hours are Monday – Friday 8:00 am to 4:00 pm, except NYS Recognized Holidays. Off hours are Monday – Friday 4:01 pm to 7:59 am and all day Saturday and Sunday. Recognized NYS holidays are detailed in the Scope of Work for this procurement.

Cost Proposal Form

Directions for Filling Out the Cost Proposal Form:

If a Cost Proposal Form is not completely filled out for all three Day Habs, it will not be considered. All sites included on the Cost Proposal Form are to be serviced by the winning bidder. **Do not alter the Cost Proposal Form in any way as doing so may disqualify your bid.**

Part A: Annual HVAC Maintenance Services Costs – Please list a Rooftop Unit Service Cost per Spring Service in Column A. List a Rooftop Unit Service Cost per Fall Service in Column B. These are comprehensive services, please see the Scope of Work Section II, Part 1. **Seasonal HVAC Maintenance Services** for full details. Please list a Rooftop Unit Service Cost per Summer/Winter Service in Column C. The Summer and Winter services are filter changes only.

List an Annual Maintenance Services Cost in Column D. The cost listed in Column D should include all annual maintenance services listed in the Scope of Work Section II, Part 2 **Annual HVAC Maintenance Services** that are applicable to the Day Hab listed on the Cost Proposal.

To calculate your Annual HVAC Maintenance Services Total (E) per site, add Column A plus Column B plus Column C times 2 plus Column D ($A + B + (C \times 2) + D = E$). Total column E and put your answer in the box at the bottom of Column E labeled Total Annual HVAC Maintenance Services Cost.

Part B: Estimated Annual Non-Emergency and Emergency Labor Cost - Please list an Hourly Rate for each category listed (Normal Working Hours, Off Hours, Holiday). Multiply the hourly rate by the estimated number of hours given for each respective category. Put your answers in the boxes below each category. To determine the Total Estimated Annual Labor Cost, add the three amounts and put your answer in the box.

Part C: Estimated Annual Parts with Mark-Up - Please enter a Parts Mark-Up percentage between 0 and 20% (the mark-up percentage is not to exceed 20%). Divide the number in Box 1 by 100. Then add a 1.

Example: For a 20% parts mark-up: Put 20 in the Parts Mark-Up box
 $20 \text{ divided by } 100 = .2$
 $.2 + 1 = 1.2$

Multiple your answer (in the above example, 1.2) by the Estimated Annual Parts Cost provided. Put the resulting number in the box labeled Total Estimated Annual Parts Price with Mark-Up.

Part D: Total Estimated Annual Combined HVAC Cost – Transfer the totals from Part A, Part B and Part C into the respective boxes in Part D. Add these three numbers to determine the Total Estimated Annual Combined HVAC Cost.

Signature – Be sure to sign the Cost Proposal Form on page 31.
