

**Positive Approaches to Behavior Change
Order Form**

Designed to train instructors to teach caregivers and professional staff effective methods for serving individuals with challenging behaviors.

Volume I – (\$10.00)

This 160-page instructor’s manual provides a succinct overview for understanding persons with challenging behaviors and provides up-to-date methods for supporting and changing excess behavior. Each Chapter includes an extensive bibliography and a self-test to ensure mastery of the material. Editors are Barry Warren, Ph.D. and Ian M. Evans, Ph.D.

Volume II (\$15.00)

This 17 module curriculum guide is designed to be used by instructors when teaching and implementing “positive approaches.” This module format facilitates flexibility for instruction and includes handouts and overheads in a loose-leaf binder. Authors are Barry Warren, Ph.D. and Jody Hoffman, M.A.
