

New York State
Office for People With Developmental Disabilities

**Tube Feeding
Instructor and Student
Manuals**

The tube-feeding module is for use with **direct care and nursing staff in voluntary provider agencies and nursing staff in state operated facilities** that provide services for persons with developmental disabilities.

In addition to the didactic material, the course is to include a demonstration by the instructor of the techniques and skills for the material in the sections indicated below: In addition, each student will demonstrate skill and technique competency for each of these sections.

- ❖ Care of the feeding tube
- ❖ Checking tube placement
- ❖ Checking residuals
- ❖ Giving a bolus tube feeding
- ❖ Giving a continuous feeding by pump
- ❖ Mouth care
- ❖ Giving medication through a feeding tube

To order the Tube Feeding manuals, please fill out the bottom section of this page and mail it along with your **check or money order** made payable to **OPWDD**. Please be advised we are unable to accept purchase orders, cash or credit cards.
