BASIS FOR AWARD

OPWDD will select the responsible and responsive Contractor(s) who submit a quote that will provide the lowest estimated annual cost per region. OPWDD reserves the right to reject any and all offers.

MINIMUM REQUIREMENTS TO SUBMIT A QUOTE

- Successfully demonstrate at least 3 years of experience conducting medication reviews for people with developmental disabilities in settings that require medication regimen reviews.
- **The successful quote must be from a NYS Small Business, or a MWBE-certified pursuant to Article 15-A of the New York State Executive Law, or a SDVOB-certified pursuant to Article 17-B of the New York State Executive Law. State Finance Law §160 (8), defines the terms “small business concern” or “small business” as meaning a business which is resident in New York state, independently owned and operated, not dominant in its field, and employs one hundred or less employees.**
- Completion of all required trainings for contractors, as per NYS Mental Hygiene Law Part 633.8 regulations.

ATTACHMENTS

Mandatory Supporting Documents must be received with your quote or within 3 business days of request by OPWDD. Failure to submit Mandatory Supporting Documents as specified above may result in the quote being disqualified.

EVALUATION CRITERIA: Method of Award

A. Contract Award

OPWDD will select the responsible and responsive Contractor who submits a quote that will provide the lowest Total Estimated Annual Cost per Region. There are four (4) regions; each region will be evaluated separately. Vendors may submit quotes for one or multiple regions and multiple contracts may be awarded. All sites included in a region are to be serviced by the Contractor who is awarded the contract for that region. All quotes must be submitted on an original Cost Proposal Form (pg. 38). In the event of a tie, the award selection will be determined by OPWDD.

B. Right to Reject

Only proposals judged to be responsive to the submission requirements set forth in this RFQ will be evaluated. An incomplete Cost Proposal Form or any alteration to the Cost Proposal Form may result in the quote not being considered. OPWDD reserves the right to reject any and all offers.

C. Mathematical Errors

If the Contractor submits a cost proposal which contains mathematical errors, the Total Estimated Annual Cost per Region will be calculated using the pricing submitted for **Cost per Review (B)**.

D. Confirmation of Ability to Provide Service

OPWDD reserves the right to confirm any Contractor has the qualifications, experience, ability, and financial standing to perform services as outlined in the scope of work. This may include requesting information regarding equipment, workforce, suppliers, etc.

SCOPE OF WORK AND MANDATORY REQUIREMENTS

The Office for People With Developmental Disabilities (OPWDD), a New York state agency which provides services to people with intellectual and developmental disabilities, is contracting for Medication Regimen Review Services to remain in compliance with regulation 14 CRR-NY 633.17. Medication Regimen Reviews are required for people residing in certified Individual Residential Alternatives (IRA) and Intermediate Care Facilities (ICF) homes owned and operated by OPWDD. IRA's and ICF's are located across New York State. Medication Regimen Reviews are required for approximately 7,057 people living in IRAs and approximately 445 people living in ICF residences. *Current occupancy for March of 2024 is 5,056 people living in IRAs and 304 people living in ICF residences, but Contractor must be able to complete all reviews should OPWDD increase to full capacity.* OPWDD regions are listed in **Exhibit A**. Exhibit A calculations are based on full capacity. OPWDD residences are listed in **Exhibit B**. Regulations permit registered nurses, physicians, physician's assistants, or pharmacists to conduct Medication Regimen Reviews on no less than an annual basis for an IRA. Regulations permit that a pharmacist conduct reviews in ICFs on no less than a quarterly basis. Increased need for reviews may be required and requested in both IRA and ICF settings based on each person's medical conditions and necessities.

Medication Regimen Reviews are completed using OPWDD's Electronic Health Record System (EHR). Reviews will primarily be completed remotely unless other arrangements have been made with a specific region. Training will be provided by OPWDD, and the Contractor is expected to comply with training requirements. The Contractor is responsible for travel required for training at a time and location specified by OPWDD. Issues of connectivity not related to OPWDD's network are the sole responsibility of the Contractor. If the Contractor is unable to use the EHR system due to non-OPWDD related connectivity issues, on-site reviews must be conducted. OPWDD will issue a laptop to each of the Contractor's employees who are to perform reviews. Laptops are not to be transferred to another employee without permission from OPWDD. The Contractor is responsible for travel required for obtaining laptops at a time and location specified by OPWDD. The laptop is the sole property of OPWDD and may only be used to conduct contracted duties. The laptop must be made available for inspection and update within one week, upon request from OPWDD. All equipment issued by OPWDD must be returned within 10 days of the end date of contractual services. Contractors will be responsible for the cost of unreturned OPWDD owned equipment. Unreturned equipment costs will be deducted from final payments. The Contractor will be issued various accesses to OPWDD systems, including but not limited to: EHR, Pulse Secure, Prescription Drug Contract Database, and Outlook. All OPWDD accesses will be terminated at the end of contractual services.

This agreement is for an independent contractor to provide contractual services for OPWDD and is not expected to lead to New York State employment. Travel, food, gas, lodging, tolls, internet access, and other miscellaneous expenses shall be the sole responsibility of the Contractor. The Contractor agrees to provide continuous service throughout the term of the agreement and will independently ensure full compliance with regulation 14 CRR-NY 633.17 (18), medication regimen review, including any changes which may occur during the contract period. Scheduling reviews for each site is the sole responsibility of the Contractor. The Contractor will receive monthly review assignments and must complete assigned reviews within 30 days to remain in good standing. The Contractor is required to respond in writing to requests or questions from OPWDD within 3 business days. Site phone numbers, email addresses, and contact information will be provided to the Contractor during contract execution. The Contractor will comply with all applicable rules and regulations, and actively communicate with members of each persons' healthcare team related to questions or concerns regarding the medication regimens.

The Medication Regimen Review shall include at a minimum:

- A. A review of all medications the person has taken during the review period (since the previous review), including routine, PRN, over the counter, STAT, herbal, topical, time-limited, and discontinued medications.
- B. A review of the person's medication records for potential adverse reactions, allergies, interactions, contraindications, or irregularities.
- C. A review of any related laboratory work.

- D. An assessment of the person's response to medication therapy to determine if the medication is achieving the desired effect(s).
- E. Recommendations to the primary, and/or consulting prescriber, of any indicated changes in the person's medication regimen.
- F. A determination of the need for a more frequent review dependent upon the person's medical status.
- G. Documentation of the review, findings, and any recommendations made by entering all results into EHR utilizing a template within this system. A copy of the EHR Medication Regimen Review Template is attached as **Exhibit C**. This is for reference only. All results of the review must be entered electronically into EHR by the Contractor.

Requirements:

- A. A current NYS license and registration (if applicable). The Contractor is responsible for ensuring that they remain current and in compliance throughout the contract term. Renewed documents must be forwarded to OPWDD.
- B. At least 3 years of experience that can successfully demonstrate proficiency conducting medication reviews for people with developmental disabilities in settings that require medication regimen reviews.
- C. The successful quote must be from a NYS Small Business, or a MWBE-certified pursuant to Article 15-A of the New York State Executive Law, or a SDVOB-certified pursuant to Article 17-B of the New York State Executive Law. State Finance Law §160 (8), defines the terms "small business concern" or "small business" as meaning a business which is resident in New York state, independently owned and operated, not dominant in its field, and employs one hundred or less employees.
- D. Completion of all required trainings for contractors, as per NYS Mental Hygiene Law Part 633.8 regulations.
- E. The Contractor **must not** have a current contract with the New York State Office of General Services to provide or dispense pharmacy drugs to NYS agencies or be a subcontractor of a current contract holder, due to potential conflicts of interest.
- F. The Health Insurance Portability and Accountability Act of 1996 (HIPAA) mandates the confidentiality of all information and records included and related to the policies, procedures, and records of a facility or site and compliance with all future rules and regulations of HIPAA. Cost Proposal Form

COST PROPOSAL INSTRUCTIONS

Please read the following carefully before submitting a quote:

- Please read the Scope of Work and Mandatory Requirements thoroughly.
- The price quote is per each Region. Contractors may submit a quote for one or multiple regions, and multiple contracts may be awarded. All sites included in a region are to be serviced by the Contractor who is awarded the contract for that region.
- Complete the Contractor Information section.
- OPWDD will select the responsible and responsive Contractor(s) that will provide the lowest total estimated annual cost per region. Total estimated annual cost per region is calculated by multiplying the estimated review total per Region by the cost per review. In the event of mathematical errors, the cost per review will be used to calculate the total estimated annual cost per region. Only proposals judged to be responsive to the submission requirements set forth in this RFQ will be evaluated. OPWDD reserves the right to reject any and all offers.
- In the event of a tie, the award selection will be determined by OPWDD.
