F. Public Officer's Law Requirements

All Bidders and their employees must be aware of and comply with the requirements of the New York State Public Officers Law, and all other appropriate provisions of New York State Law and all resultant codes, rules and regulations from State laws establishing the standards for business and professional activities of State employees and governing the conduct of employees of firms, associations and corporations in business with the State, and for applicable Federal laws and regulations of similar intent. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

K. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

“Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor’s agents, officers, employees, or subcontractors.”

The “New York State Information Security Breach and Notification Act” requires entities that conduct business with New York State and own or license “private” data to notify state residents affected by any security breach that results in unauthorized acquisition of the data. “Private” data is defined as unencrypted computerized information that can identify the individual, combined with one of the following data elements: (a) social security number, (b) driver’s license or non-driver identification number” or (c) financial account information such as credit card or debit cards numbers in combination with access codes or PIN numbers. The Act authorizes the State Attorney General to sue a business violating the statute in order to recover damages for actual costs or losses, including consequential financial losses incurred by persons entitled to notification. If a business engages in knowing or reckless violations, the court can impose a civil penalty of the greater of \$5,000 or \$10 per instance of failed notification up to \$150,000. P. Bidder Disclosure of Prior Non-Responsibility Determinations

New York State Finance Law § 139-k (2) obligates the Office for People With Developmental Disabilities (OPWDD) to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law § 139-k, bidders must disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law § 139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity. State Finance Law § 139-j sets forth detailed requirements about the restrictions on contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible contact during the restricted period (e.g., contacting a person or entity other than the designated contact person(s), when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law § 139-k (3) mandates consideration of whether a bidder fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any bidder that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the bidder is necessary to protect public property or public health safety, and that the bidder is the only source capable of supplying the required Article of Procurement within the necessary timeframe.

The bidder, by submission of its quote, certifies that no government entity has made a finding of non-responsibility regarding the individual or entity seeking to enter into this procurement contract. If the individual or entity has had a finding of non-responsibility due to a violation of State Finance Law 139-j or due to the intentional provision of false or incomplete information submitted to a government entity, then the said individual or entity must provide a detailed statement regarding the finding.

Additionally, the bidder by submission of its quote, certifies that no government entity has ever terminated or withheld a procurement contract from the individual or entity seeking to enter into this procurement contract due to the intentional provision of false or incomplete information. If the individual or entity has been terminated or withheld from a procurement contract, then said individual or entity must provide a detailed statement regarding the finding.

Q. Non-Collusive Bidding Certification

In accordance with State Finance Law § 139-d, the bidder by submission of this quote certifies that they and each person signing on behalf of the bidder certifies, and in the case of joint proposal, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

1. The prices in this proposal have been arrived at independently, without collusion, consultation, communication, or agreement, for the purposes of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor, and
2. Unless otherwise required by law, the prices which have been quoted in this proposal have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
3. No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a proposal for the purpose of restricting competition.

R. Public Officers Law Certification

In accordance with Public Officers Law § 73(4)(a)(i) no State employees shall sell any goods or services having a value in excess of twenty-five dollars to any State agency, unless such goods and services are provided pursuant to an award or contract letter after public notice and competitive bidding.

By submission of this quote, the bidder certifies that no employee, owner or individual otherwise associated with the bidder was ever a New York State officer or employee, or if they were ever or currently a New York State officer or employee, their organization pursued and awarded this contract through a competitive bidding process in compliance with the Public Officers Law 73(4)(a)(i).

Public Officers Law § 73(8)(a)(i) provides that no person who has served as a State officer or employee shall, within a period of two years after termination of such service or employment, appear or practice before such State agency or receive compensation for any services rendered by such former officer or employee on behalf of any person, firm, corporation, or association in relation to any case, proceeding, or application or other matter before such agency.

By submission of this quote, the bidder certifies that no employee, owner or individual otherwise associated with the bidder was ever a New York State officer or employee, or they are formerly a New York State officer or employee and any past employment with the State occurred prior to the two-year prohibition period and as a result their organization is in compliance with the Public Officers Law (8)(a)(i).

S. Bidder's Affirmation of Understanding Pursuant to State Labor Law § 201-g

By submission of this quote, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint quote each party thereto certifies as to its own organization, under penalty of perjury, that the bidder has and has implemented a written policy addressing sexual harassment prevention in the workplace and provides annual sexual harassment prevention training to all its employees. Such policy shall, at a minimum, meet the requirements of Labor Law § 201-g.

T. Consumer Safety Information

OPWDD provides services to individuals exhibiting Pica, which is a medical disorder characterized by an appetite for largely non-nutritive substances, e.g., cigarette butts, paper, gum, etc. Attention to the sanitation and cleanliness of the areas surrounding OPWDD's state operated program sites and residential buildings is very important to the health and safety of those we serve. Please ensure care is taken to properly dispose of cigarette butts and rubbish while on OPWDD property.

OPWDD property has special receptacles for cigarette butt disposal. Contractor and subcontractor employees shall use these receptacles and throw trash in garbage cans or dumpsters. Compliance with this policy is appreciated.

U. Consultant Disclosure

Effective June 19, 2006, contractors doing business with the State of New York in a "consulting" capacity will be required to file forms disclosing, by employment category, the number of persons employed by them and their subcontractors (if any) as a consulting firm or an individual consultant; the number of hours worked; and the monetary compensation received from the State of New York for work performed by these employees. Reporting will be required via the utilization of two separate forms – "Form A" and "Form B".

In general, however, Form A is to be completed once upon initial contract award and is used to report "planned employment". Form B is required annually and reports on "actual employment figures" for the preceding state fiscal year. The New York State fiscal year commences on April 1st and concludes on March 31st.

The Contractor and/or its Employees shall indemnify and hold harmless the State, its officers, its consultants and employees from claims, suits, actions, damages, lien, fine, judgments, decree and costs of every nature arising out of the provision of services pursuant to any agreement resulting from this Request for Quote. OPWDD shall not be held responsible for any loss or damages to the Contractor's equipment.
