The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

P. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. “Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor’s agents, officers, employees, or subcontractors.”

The “New York State Information Security Breach and Notification Act” requires entities that conduct business with New York State and own or license “private” data to notify state residents affected by any security breach that results in unauthorized acquisition of the data. “Private” data is defined as unencrypted computerized information that can identify the individual, combined with one of the following data elements: (a) social security number, (b) driver’s license or non-driver identification number” or (c) financial account information such as credit card or debit cards numbers in combination with access codes or PIN numbers. (Private data is considered unencrypted when either identifying information or the data element is not encrypted or is encrypted with a key that has been acquired).

The Act authorizes the State Attorney General to sue a business violating the statute in order to recover damages for actual costs or losses, including consequential financial losses incurred by persons entitled to notification. If a business engages in knowing or reckless violations, the court can impose a civil penalty of the greater of \$5,000 or \$10 per instance of failed notification up to \$150,000. The remedies provided by this section shall be addition to any lawful remedy available, possibly permitting private actions.

C. Mathematical Errors

If the Bidder submits a Cost Proposal which contains mathematical errors, the Total Combined Cost per Season will be calculated using the Price per Spring Clean-Up, Price per Fall Clean-up, and Lawn Maintenance Cost per Season.

D. Confirmation of Ability to Provide Service

OPWDD reserves the right to confirm any Bidder has the qualifications, experience, ability, and financial standing to perform services as outlined in the scope of work. This may include requesting information regarding equipment, workforce, suppliers, etc.

- F. Weed control must be maintained in all foundation/shrubbery beds that utilize ground cover, such as "myrtle," and in soil-based foundation/shrubbery beds, at sites covered under the contract. No herbicide can be used in beds that are accented with ground cover.
- G. This service is to include manual weeding of beds as indicated, to be done no more than three times per season during Spring Clean-up, Mid-Season, and Fall Clean-up.

IV. Pruning and Trimming

- A. Pruning and trimming may be completed during Spring Clean-up, Mid-Season, and Fall Clean-up. - A. Fall Clean-up may commence at any time during late fall. However, it must be completed no earlier than the period when greater than 90% of the leaves have fallen from all trees on OPWDD property and prior to the first significant snowfall, but no later than November 30th each year.
- B. Failure to complete the Fall Clean-up as detailed in this section may jeopardize the final payment of the season. The OPWDD reserves the right to make this determination on a site-by-site basis, utilizing information gathered from site staff and local weather conditions.

Invitation for Bid

- I. Upon OPWDD request, The Site Manager or designee will need to sign the Fall Clean-up form (See Exhibit C – Fall Clean-up Form), which would then need to be submitted with the final invoice of the season.

VI. Additional Considerations

- A. Contractor is to fully understand the scope of work to be done which includes the property lines for each parcel bid on as well as number and location of all shrub beds.
- B. If a site borders a road, the roadside ditch is considered part of the lawn and is to be maintained. Grass and shrub bushes are to be trimmed and the ditch kept clear of debris.
- C. Trimming of shrubs is to be done with proper equipment. Use of a string weed eater type equipment is not appropriate for the trimming of shrubs.
- D. Any debris generated from the maintenance of the lawn at the site is to be removed from the premises. Debris (leaves, branches, grass clippings, or any other debris picked up from the lawn) is not to be left on the curb, in adjacent lots, or any place on New York State owned or leased property. All debris is to be completely removed from the property at the expense of the Contractor.
- E. The Contractor must notify the Site Manager or designee and the OPWDD Business Office immediately in the event of causing damage to OPWDD property, i.e., but not limited to, buildings, sheds, paved areas, decks, or the property of neighbors adjoining OPWDD property. The Contractor will be required to repair/replace damaged property within 30 days. If the damage is not satisfactorily repaired within 30 days, OPWDD shall have the repairs made and will bill the Contractor or reduce payment for the total cost incurred as a part of OPWDD's repair effort.

VII. Contractor Performance and Requirements

- A. Contractor will perform all services associated with this specification to the satisfaction of OPWDD. The quality of service will be subject to inspection by OPWDD. If the quality of service is not satisfactory, and it be deemed that the Contractor is not meeting the requirements of this specification, the Contractor shall be notified in writing of those deficiencies, and it will be the Contractor's responsibility to make the necessary corrections within ten days after receipt of such notice. In the event the Contractor does not correct the deficiencies within that period, OPWDD may terminate the contract and employ another Contractor to complete the work. The existing Contractor shall be liable to OPWDD for such costs and any costs over and above the contracted price.
- B. The Contractor must have staff and equipment available at the start of and throughout the life of the contract to provide the contract services for all awarded sites. Staff availability will not be an acceptable excuse for failure to meet specifications. Payment offsets or contract cancellation may result.
- C. OPWDD reserves the right to request a listing of all equipment to be used performing work on this contract, as well as to inspect and verify the inventory of the equipment the Contractor plans to utilize to fulfill this contract. If, in the opinion of OPWDD, the Contractor does not have sufficient equipment to adequately fulfill the contract specifications, the Contractor may be disqualified if suitable alternative plans are not provided upon request.
- D. Contractor is required to have back up equipment to assure all scheduled mowing occurs at the proper time. Broken equipment will not be an acceptable excuse for failure to meet specifications. Payment offsets or contract cancellation may result.
- E. OPWDD reserves the right to investigate the qualifications of all bidders and their workers to determine their ability to perform the required work. The Contractor will supply only competent workers and reliable equipment in the performance of its services.
- F. The Contractor will assign a supervisor who shall be the liaison between the Contractor and OPWDD; as such, they will be responsible for completing specified contract conditions.
- G. The Contractor understands that the performance of contract services will be commensurate with all pertinent policies of OPWDD. OPWDD shall not be held responsible for loss or damage to the Contractor's equipment.

- I. At the discretion of OPWDD, the use of Job Tickets may be implemented. If implemented, the Contractor would be required to complete a Job Ticket each and every time they are at any or all of the sites on the contract (to be determined by OPWDD), have a site staff person sign off, and fax them to 315-281-0088 or submit electronically on a weekly basis, in order for payment to be made.

Invitation for Bid

- J. A mandatory site visit is not required prior to bidding. However, it is strongly recommended that the Contractor visit each site and meet with the Site Manager or designee to be sure the Contractor understands the specifications as it applies to all sites. Being unaware of a site's specific requirements will not be considered as an acceptable explanation for not completing a task.

VIII. Site & Service Changes

- A. OPWDD reserves the right to eliminate sites from the contract at any time with notice. The price of the contract will be decreased by the amount of the price for the site eliminated, pro-rated for the number of months remaining in the season. OPWDD will not add any additional sites to this contract.
- B. OPWDD shall not add any additional services to the contract other than the Lawn Care Maintenance Services mentioned in these specifications.

IX. Accounting

- A. Lawn Care and Maintenance is based on seasonal pricing. The seasonal price for each location will be paid in eight (8) equal monthly installments. The first payment each year is to be invoiced by April 30th. Payment will be made after receipt of invoices as detailed in "*Qualifications & Scope of Work; IX. Accounting; c.*" The eighth and final payment each year will not be processed until the Fall Clean-up is completed and the invoice is received.
